## INSTALLATION GUIDE

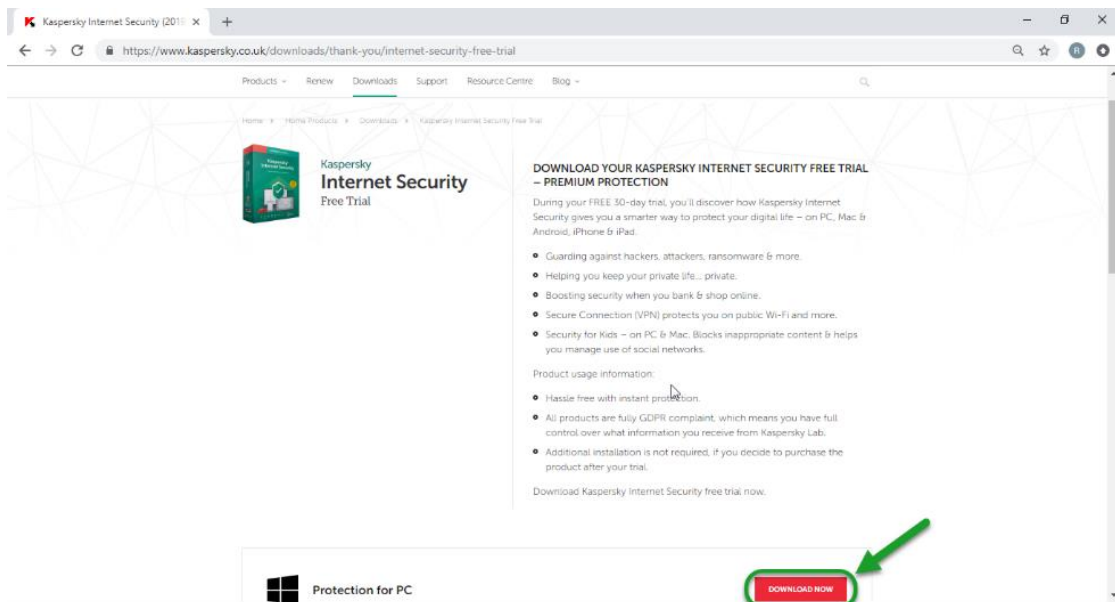

1. Got to the following link:

<https://www.kaspersky.co.uk/downloads>

and click on 30 DAY FREE TRIAL to start the download, as shown in the following image:

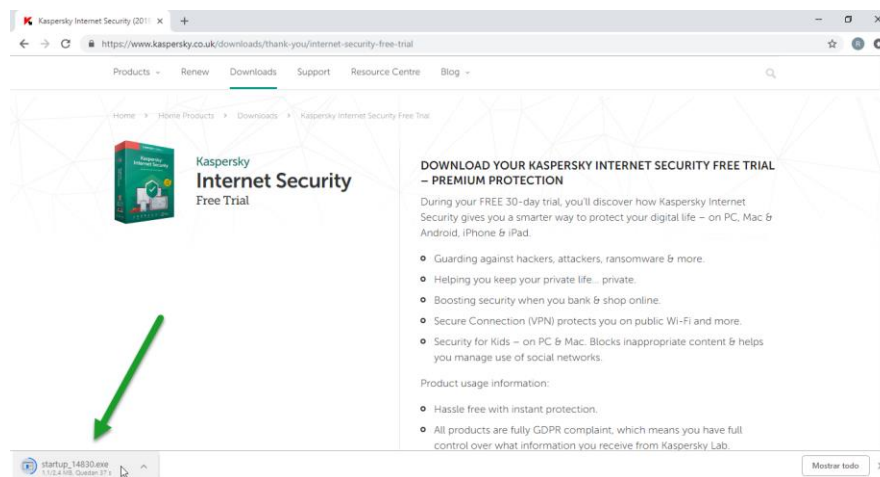

2. On the description page click “Download”, to start the download:

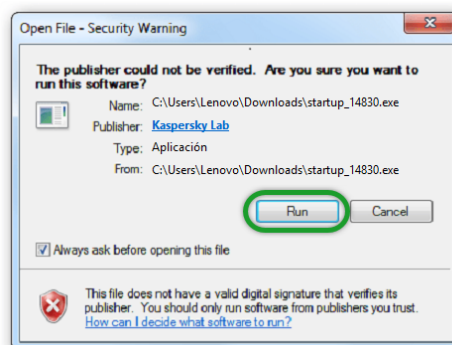

3. Fill in the registration data (name, surname and email), as detailed in the following image, and then click on **DOWNLOAD**:

The screenshot shows a web browser window with the URL [kaspersky.co.uk/downloads/thank-you/internet-security-free-trial](https://www.kaspersky.co.uk/downloads/thank-you/internet-security-free-trial). The page has a dark header with navigation links: Renew, Downloads, Support, Resource Centre, and Blog. The main content area is a white box titled "FREE TRIAL FOR 30 DAYS". It contains a registration form with the following fields: "First name", "Last name", and "Email (required)". Below the form is a checkbox with the text: "Tick here, if you have not given consent previously, to allow AO Kaspersky Lab to use your email, first name and last name to contact you by email about personalised special offers, reviews, surveys, relevant news and events. You confirm that you have been provided with this [Privacy Policy for Web Sites](#). You can withdraw your consent at any time for all future emails by clicking the unsubscribe link provided in related emails." At the bottom right of the form is a red button labeled "DOWNLOAD".

4. Then the download will begin. You can overview the download on your lower left corner of your browser:

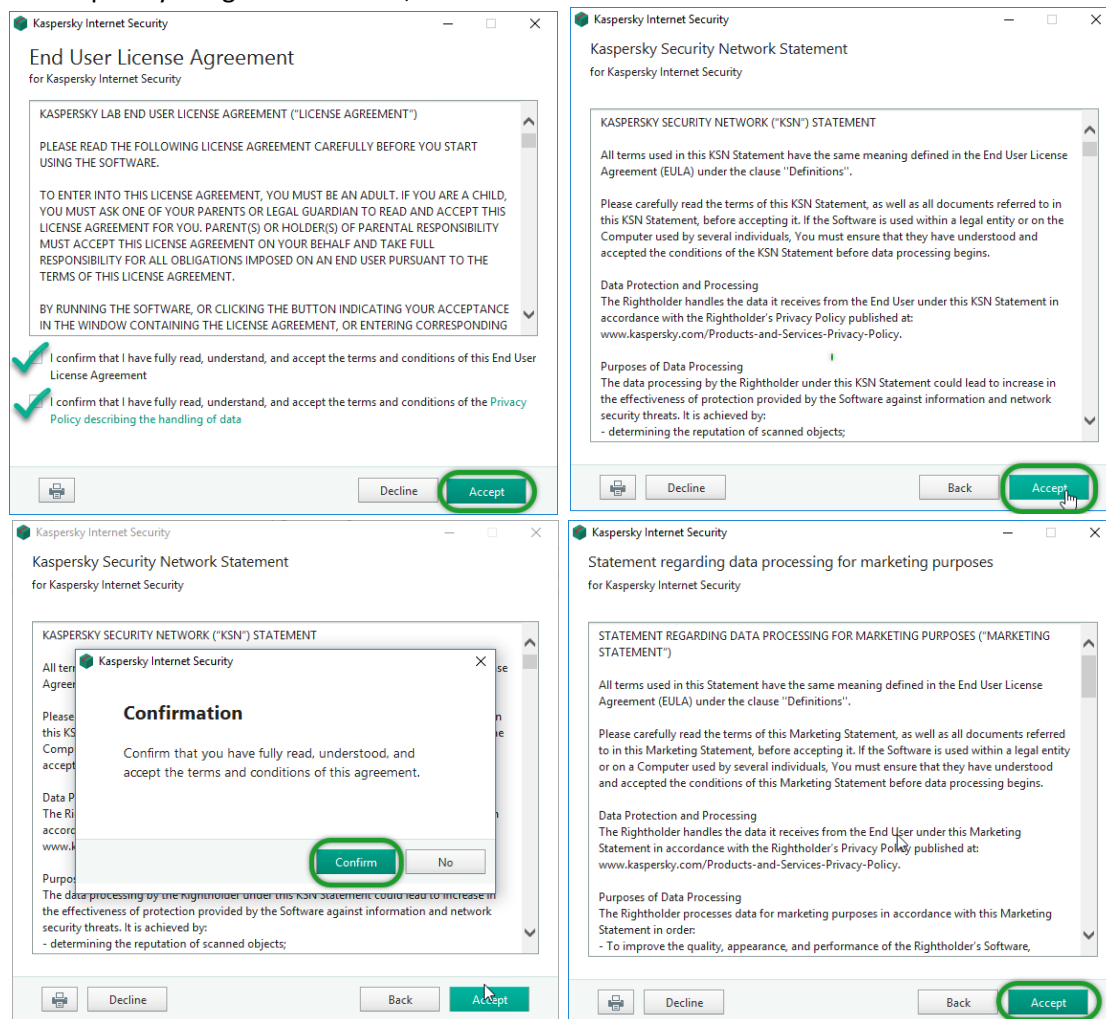

5. Once the download is finished, click on the downloaded file to run the installer. A "Security Warning" message might show up, just click on run.

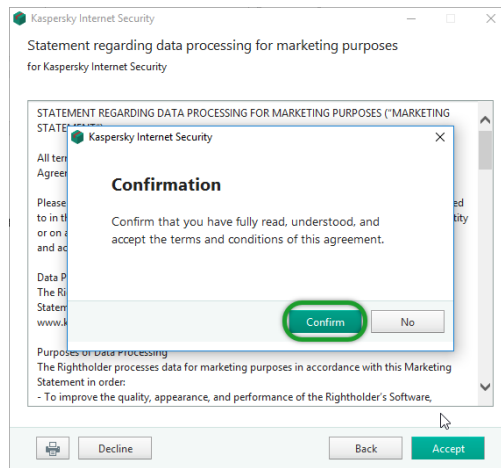

6. The installation window will show up. Click on “CONTINUE”.

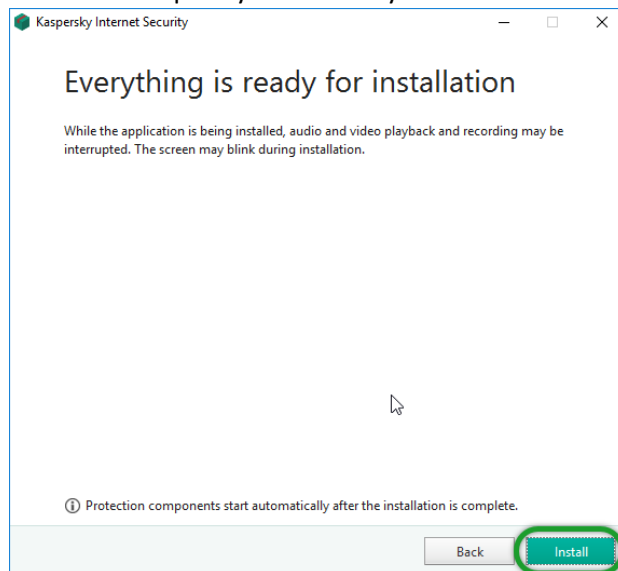

7. Several agreement windows will show up. Please read each one and carefully and then click on “Accept” if you agree with them, and click continue:

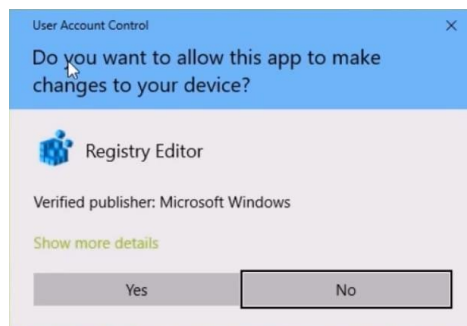

8. Once all the agreements are accepted you are ready to install.

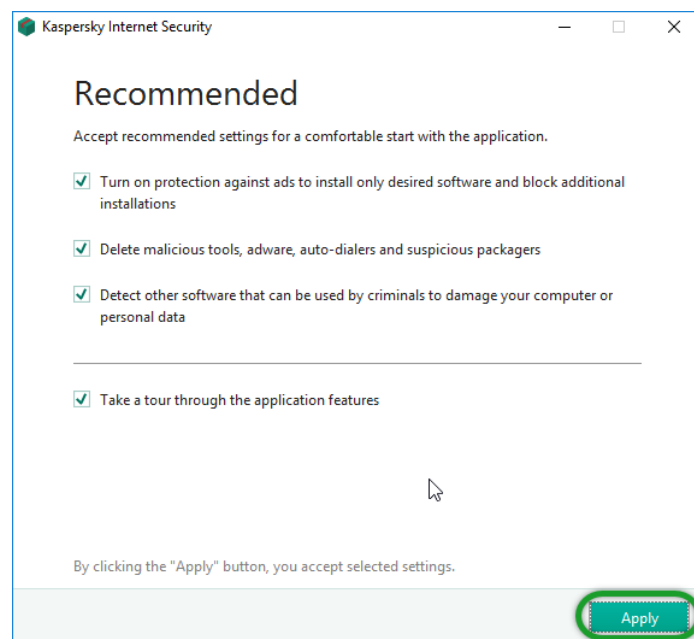

9. If the "...allow this app to make changes..." message box appears, click yes.

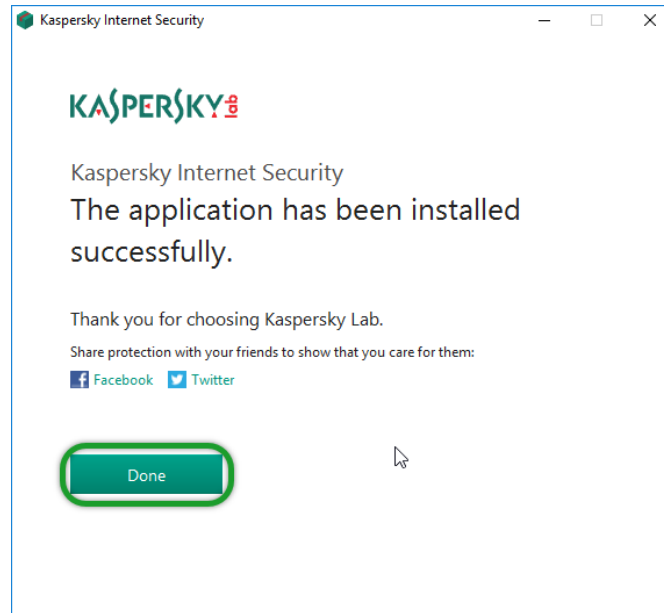

10. The installation will begin. This might take 10 or more minutes.

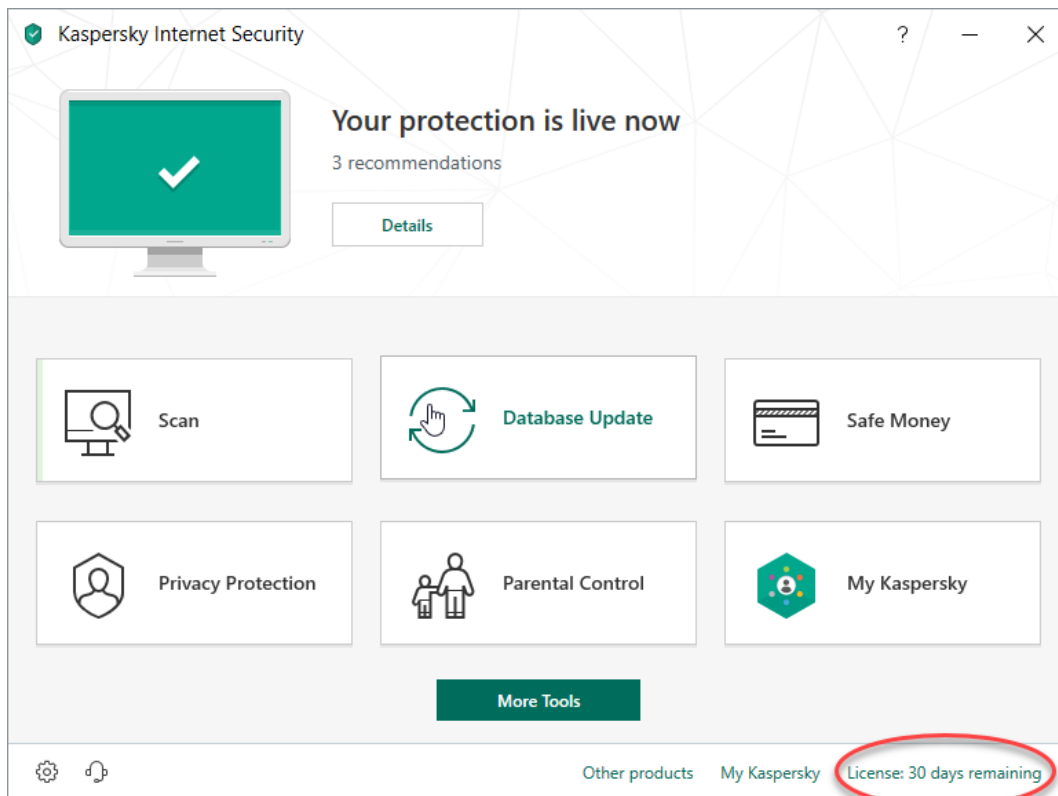

11. Once completed, some recommended settings will appear. Choose them and click apply.

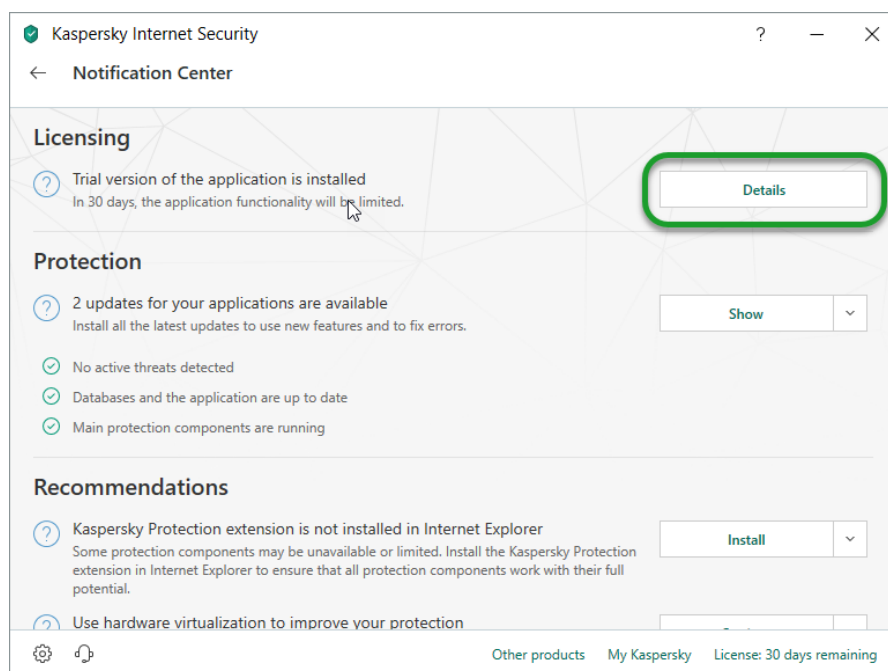

12. The application has been installed successfully. Click done.

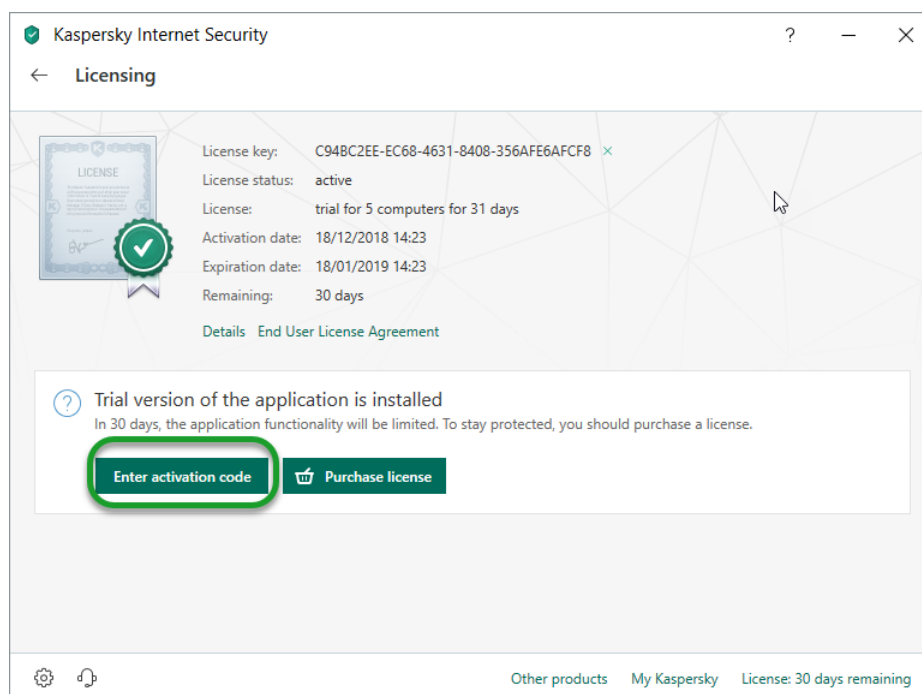

13. The application will start and will give you a tour, if you selected it on the recommendations. Otherwise it will take you to the main screen. You will notice that you have 30 days remaining.

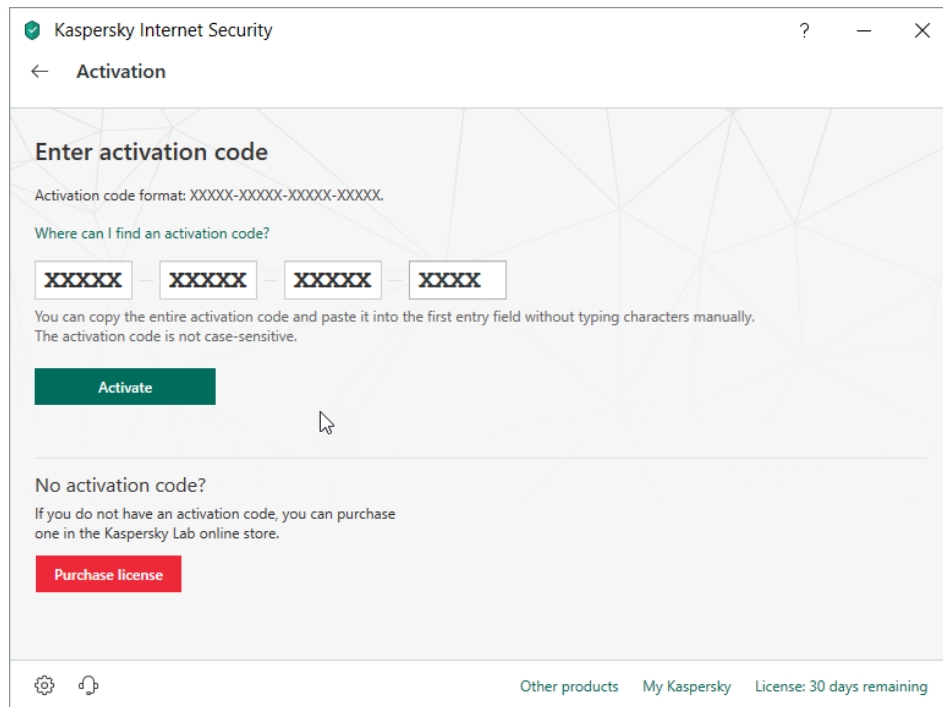

14. Click on details, and then on Licensing, also details.

15. You will see the license information and its status. To enter your key, please click on “Enter activation code”

16. Redeem the Code in the space shown, in the image below replace the X with your key:

The screenshot shows the 'Activation' window of Kaspersky Internet Security. The window title is 'Kaspersky Internet Security' with standard window controls. Below the title bar, there is a back arrow and the word 'Activation'. The main content area is titled 'Enter activation code'. It provides the activation code format: 'XXXXX-XXXXX-XXXXX-XXXXX'. A link 'Where can I find an activation code?' is present. Below this, there are four input fields, each containing 'XXXXX'. A note states: 'You can copy the entire activation code and paste it into the first entry field without typing characters manually. The activation code is not case-sensitive.' There is a green 'Activate' button. Below this, a section titled 'No activation code?' offers a link to 'Purchase license' if the user does not have a code. At the bottom, there are icons for settings and help, and a footer with links for 'Other products', 'My Kaspersky', and 'License: 30 days remaining'.
